

HYCON HPP26D MULTIFLEX POWER PACK

PRODUCT FEATURES

The HPP26D Multiflex is the most powerful diesel driven power pack in the HYCON product range. The power pack is powered by a durable 26 hp water cooled Lombardini engine that delivers an output flow of either single flow of 1x 20, 30, 40, 60 l.p.m. or dual flow of 2x 15, 20, 30 l.p.m.

The power pack is the preferred all-round power pack for areas where electric or petrol driven engines are not allowed, and where you need a power pack that can run continuously for many hours without a stop.

The power pack is the preferred choice for heavy duty tasks, as it can handle even the most demanding tools and jobs. The dual flow is perfect when you want to run two tools simultaneously, for instance an 18" saw and a breaker or two 30 l.p.m. pumps.

Not CE nor EPA approved - Only for sale outside of EU and USA

HYDRAULIC POWER PACK HPP26D MULTIFLEX

Item no. HPP26D MULTIFLEX	2020126
Item no. HPP26D MULTIFLEX - Incl. 45L fuel tank	2020126-01
Oil flow, l.p.m.	1x 20-30-40-60 2x 15-20-30
